**STORAGE OF LIGHTS ON THE LIGHTCADDY™:**

1. Place the plug of the cord into the numbered slot corresponding to the cord being attached to the LightCaddy™ starting with number one on the (handle side).
2. Start winding the lights around the spool back and forth until the end of the cord is reached.
3. Place the end of the cord in the (non-handle side) of the LightCaddy™ in its corresponding numbered slot. Adjusting the cord around the spool may be necessary to be able to put the cord in the correct slot.

**REMOVAL OF LIGHT ON THE LIGHTCADDY™:**

1. Remove the end of the cord in the (non-handle side) in the opposite numbered order from the largest number to the smallest.
2. Start unwinding the lights around the spool back and forth until the end is reached.

Handle may be place on the right or left hand side of the LightCaddy™ depending on the users preference.
